NOTE.—The amount actually realised bears but a small proportion to the amount sought to be recovered; but it must be borne in mind that in many cases the defendant, on a levy being made, becomes insolvent, and any property seized passes to the Official Trustee for the benefit of the Creditors, and consequently no sale by the Sheriff takes place. Many also of these writs of *fieri facias* were for large amounts, the suitors holding mortgages over and being in possession of the property seized, and were merely lodged for the purpose of obtaining the Sheriff's title for the conveyance of the interest, the purchase money being nominal.

11. (1.) Notwithstanding the rate hereinbefore provided for canecutters' day labour, an employee may contract with his employer to cut cane at piecework rates.

(2.) The minimum rates which shall be paid by the employer for cutting cane at piecework rates shall be according to the following scale:—

	No. 1 District.	No. 2 District.	No. 3 District.
	s. d.	s. d.	s. d.

6 to 7 tons to the acre ..	12 0	11 9	11 6
5 to 6 tons to the acre ..	15 0	14 9	14 6

Burnt cane, 1s. 6d. per ton less than the above rates.

Cane loaded into drays or wagons once only, 6d. per ton less than the above rates.

Cane on unploughed, stony, or loggy ground, 6d. per ton over the above rates.

Standover cane, *i.e.*, cane over twenty-four months since planted in the case of plant cane, and eighteen months since previously harvested in the case of other cane, 6d. per ton over the above rates.

Fourth or older than fourth ratoon crops, when not standover, 3d. per ton over the above rates.

Where crops are below 5 tons to the acre, or have been severely damaged by flood, wind, grubs, or vermin, the rate for cutting such cane shall be mutually agreed upon between the employer and employee, or, in the event of their being unable to agree, shall be fixed by the cane inspector of the mill by which such cane is to be crushed. In such cases the cane inspector shall fix such a rate as will enable a diligent and competent cutter to earn not less than £1 5s. per day in No. 1 district, £1 3s. in No. 2 district, and £1 1s. in No. 3 district. The remuneration shall not fall below the rate prescribed in this award for canecutting at day labour.

Where the employer lays and lifts all portable tramlines necessary for the harvesting of the cane, not less than 3d. per ton less than the above rates shall be paid, provided that if the canecutters have to carry cane a further distance than one chain on either side of the tramline for the purpose of loading, they shall be paid 3d. per ton for every fifteen feet in excess of one chain. Where the employer lays the first and lifts the last tramlines on each block of cane, he shall not deduct from the moneys due to the canecutters more than 1s. 6d. per chain for the performance of the work.

(3.) Where the agreement to cut cane is in writing it shall be in the form and in the terms as prescribed in Schedule A, and the employer shall, on application, supply each employee with a copy of his agreement free of charge.

(4.) Where an employee is employed to cut cane at piecework rates, the following conditions shall be observed by employer and employee:—

(*a*) Where the employee has agreed to cut sugar-cane on the land or any part of the land at the award rates or at other rates not being less than the award rates, the employer and the employee shall carry out the terms of the agreement and of this award.

(*b*) All roads shall be cut by the employer.

(*c*) As a guarantee for the faithful performance of the agreement to cut the sugar-cane on the land or any part of the land of the employer, and for the faithful performance of the conditions of the agreement and of this award, the employer may withhold 6d. in respect of each ton of cane cut, and retain the same until the satisfactory completion of the agreement. In the event of an employee failing to complete his agreement, the money so retained shall, at the termination of the crushing season, save as hereinafter provided, be divided amongst the whole of the employees who shall complete their agreements in proportion to the time worked by each:

Provided that, in case of sickness likely to incapacitate an employee from efficiently carrying out his agreement for a period of two weeks or more, such employee, on producing a medical certificate to that effect signed by a duly qualified medical practitioner, shall be paid in full:

Provided further that should an employee refuse to cut any cane at the price originally agreed upon, with the permitted deduction if the cane is burnt, and the employer is unable to get the cane cut at the price originally agreed upon, the employer may deduct from the retention money of such employee the difference between the cost of cutting at the rate agreed upon and the rate actually paid:

Provided further that should the mill inflict any penalty on, or make any deduction from, the money due to the employer for badly topped cane, the employer may retain out of the retention money of the employee an amount equivalent to one-half of such penalty or deduction:

Provided always that the employer or employee may, not later than one week after the completion of the harvesting of the employer's cane, refer any dispute or question relative to the disposal of retention money to the nearest industrial magistrate, who shall decide the dispute or question and may make any order thereupon, including whether the whole or any part of such retention money shall be repaid to the employee or retained by the employer. The industrial magistrate may make any order he thinks just and reasonable as to the disposal of such retention money or any part thereof. Without limiting the general power of the industrial magistrate he may, if an employee has, with reasonable and sufficient excuse, failed to carry out his agreement, order that the retention money or any part thereof shall be returned to the employee. The employer and employee shall comply with any order made by an industrial magistrate under this subclause.

(*d*) The employer shall provide, free of charge, accommodation, stretchers, bunks, cooking utensils, and tools. The employees shall, at the completion of the agreement, return in good order and condition the articles provided. The employer shall provide, free of charge, a reasonable amount of firewood for culinary purposes and necessary water. Water for drinking purposes shall be boiled water, tank water, well water, or other uncontaminated water.

(*e*) In the event of the employees being called upon to erect or shift camp, they shall receive payment at the rate of 2s. per hour per man during such erecting or shifting.

(*f*) Where pieceworkers are working in a gang, they shall have the right of selecting the members of their own gangs, and may refuse the admission of any person to the gang, but if such gang is unable to cut the tonnage allotted by the employer, the employer may call upon the gang to increase its numbers, and in the event of its refusal to do so and failure to cut the required tonnage the employer may add an additional member or members to the gang.

(*g*) The employees shall cut the sugar-cane at the rates agreed upon at the making of the agreement, except that which is immature or required for plants, and shall do all necessary work in connection with the said cane, as hereinafter specified.

(*h*) The employees shall cut all sugar-cane clean and close to the ground where directed, clear it of tops, leaves, roots, and shoots, and load and chain it down on drays, wagons, tram trucks, or punts, as the case may be, unless prevented; also lay and lift portable tramlines necessary to transport the cane on to the permanent way, subject to the conditions herein specified.

(*i*) In case of fields situated over two chains from the permanent tramline, an allowance of 1s. 6d. per chain shall be made for laying and lifting the dead line thereto: Provided always, should such tramline be used for harvesting cane within one chain on either side of it, no such allowance shall be made. In the case of cane fields being sloping or uneven, requiring forming, heavy packing up, or bridging to lay the line, or in all cases where curves or points are necessary, the employer shall lay the line, the curves, or points, as the case may be, or they shall be laid for rates mutually agreed on between the employer and the employees, or, failing agreement, the cane inspector shall fix the rates.

MISCELLANEOUS—*continued.*

Table No. XVIII.—*continued.*

RATES OF WAGES IN THE STATE FOR THE SUGAR INDUSTRY AS FIXED BY THE AWARD—*continued.*

SUGAR FIELD WORKERS—*continued.*

(*j*) When the employee has agreed to cart and haul the cane, the following additional rates shall be paid:—

For all distances not exceeding half mile—1s. 9d. per ton.
For all distances from half mile to one mile—2s. per ton.
For all distances from one mile to one and a-half miles—2s. 3d. per ton.
For all distances from one and a-half miles to two miles—2s. 6d. per ton.
Over two miles, special arrangements shall be made.
Horses, carts, feed, &c., shall be supplied by the employer.
For hauling cane on tramlines, 1s. per ton per mile.

(*k*) The cane farms or plantations shall be divided into "fields of cane" in such a manner as to make the average tonnage of cane to the acre as uniform as possible in such "fields of cane." The shape and size of the various "fields of cane" shall be decided by mutual agreement between the employer and employees. In the event of an non-agreement the cane inspector of the mill by which the cane is to be crushed shall divide the farm.

(*l*) In the event of the cane being burnt, the growers shall have the right to put on additional labour until such burnt cane is harvested, without prejudice to any other conditions of this agreement.

(*m*) If the employer or his representatives shall reasonably estimate that the employees will be unable to finish the work contracted for simultaneously with the closing of the mill for crushing operations for the current season, the employer shall have the right to put on additional labour. The extra cost of such additional labour (if any) shall be borne by the employer.

(*n*) The employer shall pay to the employees the money accruing to them under this agreement for each fortnightly period within the following week. The ganger in charge of the gang shall keep a time-book, and shall therein set out the time worked by each member of the gang. He shall give such time-book fortnightly to the employer, who shall divide amongst the employees the money payable for the fortnight's work in accordance with the time worked by each employee as set out in the time-book. Payment shall be made on mill weights, but the employees may appoint a check weighman or gauger if they so desire.

(*o*) The employees shall without delay load the carts, wagons, punts, or trucks free from trash, dirt, and tops. They shall gather up all cane which may fall from loaded trucks, carts, or wagons, and shall replace any trucks derailed while being hauled in or out of the field from or on to the main line: Provided that the employer shall pay 2s. per hour per man for any time occupied at this work outside the field of cane wherein the employees are working.

† Prior to 1907 the exports of wool have been taken as the production of wool, scoured being expressed as greasy on the basis that one pound of the former equals two pounds of the latter, except for the years previous to 1866, when greasy and scoured wools were not separated in the Customs returns.
